Flip water bottle game

Number of players: 1 or more you need: bottle of water / s How to Play: Take a bottle of water filled half full of water. Kids compete to throw the water bottle so it flips and lands upright. The child who can do this most often is the winner. To make this game an added dynamic place a number of water bottles in a row and teams compete to walk up to a bottle of water, a team member at a time, and throw. The team that lands most water bottles correctly is the winning team! This is a really fun game that I think everyone should try. I always play this game on road trips, or, just like I'm super bored! It's not too difficult, but it comes with a series of challenges. Every time you take the bottle to the finish line, you get gems. You use the gems to unlock new bottles. This app doesn't need internet to work, so you can play it on the go or, at home. Me and my friends play this game and see who can get the most gems and we also see who can get the rarest bottles! This game is for all ages, and it's super easy to download. Also, if you have a problem with the game and you leave a review, the game developers will solve it. One thing I would like to point out is that the game has ads. But don't worry it's like 5 ads a day, and the game developers need to make some money. Speaking of money, this app is 100% FREE! Yes, FREE! So, that's always a plus. Anyway, if you are looking for a simple, simple, fun game that you download and play on the road, this is definitely the game for you! 🍌 so I an ad for this game and decided to download it, now it never gets boring and it doesn't get that hard! Although I have some ideas to make even better gameplay, maybe adding performance like jumping on a ton of TVs like a bottle and the performance would pop up like Potato Couch or something, another idea is game modes like racing against friends and also boss fights in the game would be great, for example, maybe a kid who wants water or something and is behind the bottle, this would mean they would have to go fast. Another idea is certain levels with titles and based off of a certain thing, for example, maybe something like Cleaning Chaos where there would be a ton of vacuum cleaners, the rest is up to you! -Awesomeboy000 Okay, let's start with the positives. 🍌🍌 (I think there are a lot of them) 1.) it's a big time killer and is my favorite app on my phone. 2.) there is a motive! I've seen so many games that you just have to play mindlessly. They alphabet nothing to work for, and that was what I expected when I downloaded this game. However, there is! New skins and levels! 3.) it's kind of relive when this was popular, which is fun! 4.) the adds don't take the whole game! Voodoo has a problem with this, but this game doesn't! However, I can only give this game 4 stars because of the insane amount of money from the VIP fees. \$5 a week doesn't sound so bad at first, but if you do the math, there are 52 weeks in a year. 52 x 5 = 260. \$260!!! 🍌🍌 For a subscription!! What?!? I understand it's how you make money, but please show that price down. If/when you do, my rating will be bumped up to 5/5. 🍌🍌. Thanks for reading! All it takes is a water bottle and you play it on just about anywhere that has a flat surface. Essentially you throw the plastic water bottle while holding the upper part of it and turn it with the purpose of landing on its bottom. You play with only two players or with multiple players. Equipment needed: Plastic water bottle that is filled with 1/3 WaterSteps: Everyone will take turns flipping the bottle to get at least one person it is. When the first person lands the then the other players have at least once more chance to land. If no one lands then the player who got it wins. Otherwise, the people who land the country and the people who didn't land it are eliminated. Follow the same procedures until one person wins. Notes: You play it on just about any flat surface and do it standing, squatting or sitting. Popular surfaces are usually a table, or the ground. Tips for winning the bottle Flip ChallengeThe key to landing the bottle each time is using the right technique involving your fingers and wrist. Use your thumb, index finger and middle finger to grab the bottle cap. Then bend your wrist down to gain momentum and use it to flick your wrist back up while releasing the bottle. This is the crucial point that determines whether you land or not. Continue practicing this until you land then just keep mimicking how much you need to bend your wrist to be able to land. Another much harder way of playing the bottle flip challenge game is by trying to land the bottle on the cap instead of the bottom. This version is much more difficult and requires a higher degree of skill. The game and

technique is pretty much the same, except that you just start keeping the bottle off the bottom. Under.
